CHAPTER 2.

An Act respecting the Revision and Consolidation
of the Statutes of Ontario.

[Assented to 6th May, 1913.]

WHEREAS by a Commission issued by the Lieutenant-Preamble
Governor in Council, dated the 23rd day of June,
1906, the Honourable Featherston Osler, one of the Justices
of the Court of Appeal; the Honourable Sir William Ralph
Meredith, Chief Justice of the Common Pleas; the Honour-
able James Thompson Garrow, one of the Justices of the
Court of Appeal; the Honourable William Purvis Rochfort
Street, one of the Judges of the King's Bench; the Honour-
able James Vernal Tetzell, one of the Judges of the Common
Pleas; the Honourable Francis Alexander Anglin, one of
the Judges of the Exchequer Division; the members of the
Executive Council of the Province of Ontario and Alexander
Grant Mackay and Allan Malcolm Dymond, Esquires, of
His Majesty's Counsel, Learned in the Law, were appointed
Commissioners for the purpose of consolidating the Public
Statutes of this Province and the said Featherston Osler
was appointed chairman and the said Allan Malcolm Dymond,
Secretary of the Commission; and whereas the Honourable
James Pitt Mabee, one of the Judges of the Chancery
Division of the High Court, and His Honour Colin G. Snider,
Judge of the County Court of the County of Wentworth,
were by a further Commission, issued by the Lieutenant-
Governor in Council bearing date the 26th day of September,
1906, also appointed Commissioners for the purpose aforesaid,
and associated as such with the Commissioners named in
the first mentioned Commission; and whereas by a further
Commission issued by the Lieutenant-Governor in Council,
dated the 7th day of December, 1906, reciting the said Com-

missions and the report of the Honourable the Attorney General that for the reasons therein mentioned it was advisable to enlarge the powers conferred upon the Commissioners, the Commissioners appointed as aforesaid were directed to prepare a draft revision of the Public Statutes of the Province and to report to His Honour the Lieutenant-Governor in Council such changes from time to time in any Act as the Commissioners deemed advisable having regard to the improvement of the wording and arrangement of the Statutes and the elimination therefrom of such matter as the Commissioners might deem obsolete, unsuitable or useless, and to submit such changes as the Commissioners might deem advisable in the public interest; and whereas the said the Honourable William Purvis Rochfort Street and the Honourable James Pitt Mabey subsequently departed this life; and whereas the said Commissioners have not completed the revision and consolidation of the said Statutes, but will complete the same at an early date; and whereas it is in the public interest that the said revision and consolidation should as soon as practicable and prior to the holding of another Session of this Legislature be authorized and issued as the Revised Statutes of Ontario; and whereas the Commissioners have from time to time reported various Acts and Statutes as revised and consolidated by them and the same as so revised and consolidated have been adopted and passed by this Legislature preparatory to the final report of the said Commissioners and the completion of the said consolidation.

THEREFORE, His Majesty, by and with the advice and consent of the Legislative Assembly of the Province of Ontario, enacts as follows:—

Printed roll
to be
deposited
with Clerk
of Legis-
lative
Assembly.

1. So soon as the Commissioners shall report in writing signed by a majority of them, and by the Chairman, the completion of the said revision and consolidation, including therein the public and general Acts passed since the 23rd June, 1906, including those passed during the present Session, the Lieutenant-Governor may cause a printed roll thereof attested under his signature and countersigned by the Provincial Secretary to be deposited in the office of the Clerk of the Assembly.

Schedule
of Acts
repealed.

2. There shall be appended to the roll a schedule similar in form to Schedule A appended to *The Revised Statutes of 1897*, showing the Acts and parts of Acts which are embodied in the said roll and showing in the third column thereof the extent to which the Acts and parts of Acts in the Schedule are from the time of the coming in force of the Revised Statutes contained in the said roll to be repealed; and the Commissioners may include in the said Schedule all Acts and parts of Acts which, though not expressly repealed, were superseded by the Acts so consolidated, or are inconsistent therewith, and all parts of such Acts which were for a temporary purpose the force of which is spent.

3. The Commissioners in consolidating the said Statutes may make such alterations in their language as are requisite in order to preserve a uniform mode of expression, and may make such minor amendments as are necessary to bring out more clearly what they deem to be the intention of the Legislature, or to reconcile seemingly inconsistent enactments, or to correct clerical or typographical errors; the Commissioners may also direct that any of the enacting clauses in the statutes may be printed in bourgeois type, and that any of the sections which in the Revised Statutes of 1897 are in bourgeois type may be printed among the enacting clauses.

Powers of
commis-
sioners as to
alterations

4. The Lieutenant-Governor in Council after the deposit of the roll may by proclamation declare the day from and after which the same shall come into force and have effect as law by the designation of "The Revised Statutes of Ontario, 1914."

Proclama-
tion declar-
ing Statutes
in force.

5. On and from such day the same shall accordingly come into force and effect by the said designation to all intents as though the same were expressly embodied in and enacted by this Act to come into force and have effect on and from such day; and on and from the same day all the enactments in the several Acts and parts of Acts in the said Schedule mentioned shall so far as they relate to this Province stand and be repealed to the extent mentioned in the third column of the Schedule save only as hereinafter is provided.

Effect of
proclama-
tion.

6. Such repeal shall not be construed as intended to extend to such of the provisions of the Acts and parts of Acts as relate to subjects in regard to which the Parliament of Canada has exclusive powers of legislation; but the Acts and parts of Acts (in so far only as is necessary to give effect to every such provision) shall remain in full force and effect, subject, however, to section 8 of this Act.

Repeal not
to extend to
Acts over
which the
Dominion
Parliament
has juris-
diction.

7. The repeal of the Acts and parts of Acts shall not revive any Act or provision of law repealed by them; nor shall the repeal prevent the effect of any saving clause in the Acts and parts of Acts or the application of any of the Acts or parts of Acts or of any Act or provision of law formerly in force, to any transaction, matter or thing anterior to the said repeal, to which they would otherwise apply.

Saving as to
transac-

the repeal.

DIRECTIONS FOR THE GUIDANCE OF VOTERS.

The voter is to vote only for one candidate, unless more than one member is to be elected for the electoral district, in which case he may vote for as many candidates as are to be elected.

Where there are more seats than one the voter will receive one ballot paper for each seat and may vote for one candidate only for each seat.

The voter shall go into one of the compartments and, with a black lead pencil there provided, place a cross within the white space containing the name of the candidate or within the white spaces containing the names of the candidates for whom he votes, thus X.

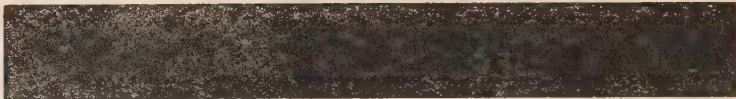

The voter shall then fold the ballot paper so that the initials and stamp on the back and the number on the counterfoil can be seen without opening it; he shall then return the ballot paper so folded to the Deputy Returning Officer, who shall, in full view of those present, including the voter, remove the counterfoil, destroy the same, and place the ballot paper in the ballot box; the voter shall then forthwith leave the polling place.

If a voter inadvertently spoils a ballot paper so that he cannot conveniently use it as he desires, he may return it to the Deputy Returning Officer, who will give him another.

If the voter votes for more candidates than he is entitled to vote for, or places any mark on the ballot paper by which he can be identified, his vote will be void and will not be counted.

If the voter fraudulently takes a ballot paper out of the polling place, or fraudulently delivers to the Deputy Returning Officer, to be placed in the ballot box, any other paper than the ballot paper given him by the Deputy Returning Officer, he will be liable to imprisonment for one year.

In the following form of ballot paper, given for illustration, the candidates are Wm. R. Brown, Frank Hamon, Joseph O'Neil and John R. Smith, and the voter has marked his ballot paper in favour of John R. Smith and the counterfoil has been detached.

PART I.

Tax on profits.

5.—(1) Every mine in Ontario, the annual profits of which exceed \$10,000 shall be liable for and the owner, manager, holder, tenant, lessee, occupier, and operator of the same shall pay an annual tax of three per centum on the excess of annual profits of such mine above the said sum of \$10,000.

Mines worked together.

(2) For the purpose of this section all mines and mineral workings in Ontario occupied, worked or operated by the same person, or under the same general management or control, or the profits of which accrue to the same person, shall, for the purpose of determining whether there is liability to taxation hereunder, be deemed to be and be dealt with as one and the same mine, and not as separate mines.

Ascertainment of profits.

(3) The annual profits shall be ascertained and fixed in the following manner, that is to say: The gross receipts from the year's output of the mine, or in case the ore, mineral or mineral-bearing substance or any part thereof is not sold, but is treated by or for the owner, tenant, holder, lessee, occupier, or operator of the mine upon the premises or elsewhere, then the actual market value of the output, at the pit's mouth, or if there is no means of ascertaining the market value, or if there is no established market price or value, the value of the same as appraised by the Mine Assessor, shall be ascertained, and from the amount so ascertained the following, and no other, expenses, payments, allowances, or deductions, shall be deducted and made, that is to say:

Deductions.

(a) The actual cost of transportation of any output sold if paid or borne by the owner, tenant, holder, lessee, occupier, or operator;

- (b) The actual and proper working expenses of the mine, both underground and above ground, including salaries and wages of necessary superintendents, captains, foremen, workmen, firemen, engine-men, labourers, and employees of all sorts employed at or about the mine, together with the actual and proper salaries and office expenses for necessary office work done at the mine, and in immediate connection with the operation thereof;
- (c) The cost of supplying power and light, and of hire of horses used in the mining operation or in handling the ore or mineral;
- (d) The actual cost price of food and provisions for all employees aforesaid, whose salaries or wages are made less by reason of being furnished therewith, and of fodder for horses used as above mentioned;
- (e) The actual cost price of explosives, fuel, and any other supplies necessarily consumed in the mining operations;
- (f) Any actual and proper outlay incurred in safeguarding or protecting the mine or mineral product;
- (g) The cost of proper insurance upon the output if paid or borne by the owner, tenant, holder, lessee, occupier, or occupant and upon the mining plant, machinery, equipment, and buildings used for or in connection with the actual mining operations or for storing the ore or mineral;
- (h) An allowance of a sum for annual depreciation, by ordinary wear and tear, of the said plant, machinery, equipment, and buildings, such sum to be based upon the probable annual average cost of repairs and renewals necessary to maintain the same in a condition of efficiency, and in no case to exceed for any year ten per centum of the value at the commencement of such year, such value to be appraised by the Mine Assessor. 7 Edw. VII. c. 9, s. 6, *part*.
- (i) The cost of actual work done in sinking new shafts, making new openings, workings, or excavations of any kind, or of stripping or trenching, in or upon the lands upon which the mine is situated, or upon any other lands belonging to the same owner, lessee, holder, tenant, occupier, or operator, in Ontario, such work having for its object the opening up or testing for ore or mineral. Provided, however, that such expenditure is *bona fide*, and actually made or borne by the person or persons liable, or who would but for this provision be

liable to taxation upon the said mine under this Act, and that separate accounts of such expenditure are kept and an affidavit or affidavits giving reasonable details of the nature, extent, and location of such work shall be furnished to the Bureau of Mines with the annual statement hereinafter provided for. 7 Edw. VII. c. 9, s. 6, *part.* 8 Edw. VII. c. 15, s. 1.

Capital not deducted.

(4) No allowance or deduction shall in any case be made for cost of plant, machinery, equipment, or buildings, nor for capital invested, nor for interest or dividend upon capital, or stock or investment, nor for depreciation in the value of the mine, mining land, or mining property by reason of exhaustion or partial exhaustion of the ore or mineral, but this shall not restrict the generality of anything hereinbefore in this section contained.

Based on preceding year.

(5) For the purpose of this section, unless a contrary intention appears, the operations, business, matters, and things carried on, occurring, or existing during the preceding year shall be taken as the basis of fixing, assessing, and ascertaining the taxation hereunder, but the tax payable shall nevertheless be deemed to be a tax for the calendar year in which it is payable. 7 Edw. VII. c. 9, s. 6, *part.*

Duty to give notice of active operations.

6.—(1) The owner, lessee, tenant, holder, occupier, manager, and operator of every mine from which ore, minerals, or mineral-bearing substances is or are being taken, shall within ten days after the commencement of such active operations, notify the Bureau of Mines of the fact that such mine is in active operation, and shall give in such notice the name of the mine, and the name and address of the owner, lessee, tenant, holder, occupier, manager, and operator of such mine, and the name and address of the manager, or of some other person, to whom notices to be given under this Act may be sent (to be known as the name and address for service), and shall forthwith notify such bureau of every change in the name and address of such manager or person, and of every change in the ownership, holding, tenancy, management, occupation, or operation of such mine, and of every discontinuance of active operations, and of every recommencement thereof after discontinuance.

List of mines.

(2) From the information so given, and from any other available source, the Bureau of Mines shall prepare and keep a list showing all operating mines in Ontario, with the names and addresses and particulars as so notified and given (keeping in a distinct and separate column or place the name and address for service), and any notice or requisition required or provided for by this Act shall be deemed to have been properly and sufficiently given, and served if mailed by registered letter to the person whose name and address for service have been given, at such address, or, in case such a

name and address be not so notified, then if mailed by registered letter to the address which the official or person sending the notice or requisition thinks most likely to reach the proper person. 7 Edw. VII. c. 9, s. 7.

7. No person shall ship, send, take, or carry away, or permit to be shipped, sent, taken, or carried away from the mine from which the same has been taken, any ore, mineral, or mineral-bearing substance, or any product thereof, until such person has notified the Bureau of Mines that the mine from which the same has been taken is in active operation. 7. Edw. VII. c. 9, s. 8.

MINE ASSESSOR AND HIS DUTIES.

10. VII. c. 9, s. 11.

11. It shall be at all times lawful for any Mine Assessor to enter upon mining premises for the purpose of making enquiries, obtaining information, and otherwise performing his duties under this Act, and for any of these purposes he may descend all pits and shafts and use all tackle, machinery, appliances, and things belonging to the mine as he shall deem necessary or expedient, and he shall have free ingress and egress to, from, and over all buildings, erections, and vessels used in connection with the workings, and he shall from time to time be allowed to take from the said mining premises such samples or specimens as he may desire for the purpose of determining by assay or otherwise the value of the ore, minerals, or mineral-bearing substances being taken therefrom, or any product thereof, and he shall have full and complete access to all books of account and letters kept or used for or in connection with the work and business of such mine, and may examine the same and take copies thereof or extracts therefrom, but any information of a private or confidential nature acquired by any Assessor under the provisions of this section shall not be communicated or disclosed to anyone except so far as may be necessary for the purposes of this Act. 7 Edw. TAX ROLLS AND APPEALS.

12.—(1) The Bureau of Mines or any Mine Assessor or other officer or person acting under the direction of the Minister in that behalf shall, as soon as practicable after the receipt of the returns and statements mentioned in section 8, prepare from them and from the lists, statements and reports of the Mine Assessor a tax roll showing all mines and persons liable for the taxes imposed by section 5, and showing the

Preparation of
tax roll.

quantity and value of output for each mine, the amount of deductions therefrom under the various headings as far as practicable, the profits for which each mine and person is assessable, and the amount of tax payable by each, also any deduction entitled to be made therefrom by reason of payment of municipal income tax. In making up the roll the statement furnished pursuant to section 8 shall be *prima facie* evidence of the information required; but any default or defect in the furnishing of such statement or any omission therefrom shall not prevent the complete preparation of the roll, but in all cases the officer or person charged with the duty of preparing said roll may, subject to the approval of the Minister, make full and careful enquiry as to the correctness thereof, and may resort to all available sources of information within his control, and may make or order a Mine Assessor to make any investigation he deems fit, and may fix such amount as he believes to be just and correct; provided that whenever a mine or person is assessed for a larger sum than the statement shows liability for, notice thereof shall be given to such person, and such person shall be entitled within fifteen days from the mailing of such notice to appeal from the said assessment as hereinafter provided.

Appeals.

(2) When the time for filing such appeal has expired, the cases appealed shall be marked or distinguished from the others on the said roll, and the roll shall thereupon be made up in duplicate, and the Minister shall by his signature authenticate the same as being the roll for the year, and subject to the determination of such appeals, and subject to any additions or alterations that may be made by or pursuant to any investigation that may be ordered or directed as hereinafter provided for, the said roll shall be final and conclusive as to the liability of the several mines and persons therein mentioned to pay the tax therein specified.

Notice of appeal.

(3) An appeal, as provided for in the first subsection of this section, shall be made by lodging with the Bureau of Mines within the time limited a notice in writing, stating that the appellant thereby appeals from the tax in question, and stating as far as practicable the grounds of such appeal or the particulars of objection to the tax, and such appeal shall be referred in writing by the Minister to the Mining Commissioner or to the Ontario Railway and Municipal Board, to be tried and determined.

Investigation in lieu of appeal.

(4) The Minister, if in any case he sees fit, instead of having the amount of the tax for any mine or person entered on the roll, as in the first paragraph of this section mentioned, may direct in writing that the amount of the tax for which such mine or person is liable shall be ascertained and fixed by the Mining Commissioner or by the Ontario Railway and Municipal Board; and the said Minister may at any time either before or after the said roll is made up and signed, and

whether or not the mine or person in question is entered thereon for taxation, direct in writing that the truth or correctness of any statement furnished pursuant to section 8 of this Act, or that the question of liability or amount of liability of any mine or person for the tax under this Act, shall be enquired into and investigated and reported upon by the Mining Commissioner or the Ontario Railway and Municipal Board.

(5) The Mining Commissioner or Ontario Railway and Municipal Board shall upon receiving any such direction or reference as in subsection 3 or subsection 4 of this section mentioned, proceed to try and dispose of the appeal, or determine or enquire into and investigate the question or matter so referred or directed to be investigated, and for all and any of said purposes shall have the same power to enforce the attendance of witnesses, and to compel them to give evidence, and produce documents and things, as is vested in any court in civil cases, and the decision, finding, or report of the Mining Commissioner or Ontario Railway and Municipal Board, after giving the parties an opportunity to be heard, shall for the purposes of this Act be final and conclusive as to the particulars therein mentioned, subject only as hereinafter in this section provided.

(6) In any such proceedings or investigation, or on any appeal, the Mining Commissioner or the Ontario Railway and Municipal Board may order the appellant, or the person causing the investigation by reason of false or incorrect statements, or failure to keep books and accounts or to otherwise conform to the provisions of this Act, to pay the costs of such appeal, proceeding or investigation, and may direct that the same be taxed by a taxing officer of the Supreme Court and added to the tax for which such person is liable under this Act; and in any case where the statement filed or furnished, pursuant to section 8, understates the amount on which the tax should be paid, the person making such false or incorrect statement shall pay double the tax to which he would otherwise be liable; but if it shall appear to the Mining Commissioner or the Ontario Railway and Municipal Board, and he or they certify that such understatement was not made with the intent or for the purpose of decreasing the amount of tax to be paid, but was made in good faith and with no improper motive, then in such case the Lieutenant-Governor in Council may, upon the recommendation of the Minister, remit so much of the added percentage and so much of the costs as may in his discretion seem just.

(7) All decisions, findings, and reports made pursuant to the last preceding subsection shall be filed with the Bureau of Mines, and notice of such filing shall forthwith thereafter be mailed by said Bureau of Mines to the owner or manager of the mine concerned.

Appeal to
Divisional
Court.

(8) In any case where the amount of the tax involved exceeds \$1,000 an appeal shall lie from any decision, finding or report of the Mining Commissioner or the Ontario Railway and Municipal Board under this section to a Divisional Court; provided that notice of such appeal is lodged with the Bureau of Mines within fifteen days after the filing of said decision, finding, or report with the Bureau of Mines, and the procedure upon and governing such appeal shall be, as far as may be, the same as upon an appeal to a Divisional Court in an action, but leave shall not be necessary, and the decision of that Court shall be final. 7 Edw. VII. c. 9, s. 13.

Notifying of
tax.

13. It shall be the duty of the Bureau of Mines, or the person charged with the collection of any tax imposed by section 5 to notify the owner or manager of the mine liable for such tax of the amount and time for payment thereof at least fifteen days prior to such date; but failure to comply with this provision shall not affect the liability for payment of any such tax at the time and in the manner in this Act provided; nor shall it prevent or affect the collection or enforcement thereof or the happening of any forfeiture or accrual of percentage or penalty for non-payment, or any other matter or thing whatsoever in this Act provided. 7 Edw. VII. c. 9, s. 14.

INCOME TAX MAY BE DEDUCTED.

VII. c. 14, s. 1.

the gas flowing, drawn or pumped from the well or wells shall pass, so as to indicate the total gross quantity of gas flowing, drawn or pumped from, or produced by such well or wells. 7 Edw. VII. c. 9, s. 28.

Discovery posts.

(b) Planting or erecting a post at each of the four corners of the claim, marking that at the northeast corner "No. 1," that at the southeast corner "No. 2," that at the southwest corner "No. 3," and that at the northwest corner "No. 4," so that the number shall be on the side of the post toward the post next following it in the order named;

Corner posts.

(c) Writing or placing on No. 1 post all the particulars required to be upon the discovery post, and also

plainly marking* thereon the distance and direction therefrom of the discovery post, and if the claim is situated in a township surveyed into lots, quarter sections or subdivisions of a section, the part thereof comprised in the claim, mentioning the lot and concession or the section by number;

Marking name
of licensee, etc.

- (d) Writing or placing on No. 2, No. 3 and No. 4 posts the name of the licensee making the discovery, and if the discovery is made on behalf of another licensee for and in whose name the claim is being staked out, also the name of such other licensee; and

Marking
boundaries
and blazing or
picketing.

- (e) Plainly blazing the trees on two sides only where there are standing trees, and cutting the underbrush along the boundary lines of the claim and plainly blazing a line from No. 1 post to the discovery post, or where there are not standing trees, clearly indicating the outlines of the claim, and marking a line from No. 1 post to the discovery post by planting durable pickets, not less than five feet in height thereon at intervals of not more than two chains (132 feet) or by erecting at such intervals monuments of earth or rock not less than two feet in diameter at the base, and at least two feet high, so that the lines may be distinctly seen.

Witness post.

- (2) Where at a corner of the claim the nature or conformation of the ground renders the planting or erecting of a post impracticable, such corner may be indicated by planting or erecting at the nearest practicable point a witness post which shall bear the same marking as that prescribed for the corner post at that corner together with the letters "W.P." and an indication of the direction and distance of the site of the true corner from the witness post.

Mode of
planting,
squaring, etc.,
of posts.

- (3) Every post shall stand not less than four feet above the ground, and shall be squared or faced on four sides for at least one foot from the top, and each side shall measure at least four inches across where squared or faced, but a standing stump or tree may be used as a post if cut off and squared and faced to such height and size, and when the survey is made the centre of the tree or stump where it enters the ground shall be taken as the point to or from which the measurement shall be made.

Form of claim.

- (4) The following diagrams are intended to illustrate the method of staking out a claim as mentioned in subsections 1 and 2.

No. 1.

No. 2.

8 Edw. VII. c. 21, s. 54.

55. After a discovery of valuable mineral in place, the licensee, if he desires to stake out a claim thereon, shall at once plant or erect his discovery post and proceed as quickly as is reasonably possible to complete the staking out of the claim, and if he is in fact the first licensee to make a discovery of valuable mineral in place and plant a discovery post thereon no other licensee shall be entitled to stake out or interfere with the property while he is so completing the staking out, but if he fails to proceed with the staking out with such diligence and speed, he shall be liable to lose his rights in case another licensee makes a discovery of valuable mineral in place upon the property and completes the staking out before him. 8 Edw. VII. c. 21, s. 55.

Prospecting
pickets.

56.—(1) Until a discovery post is planted or erected all licensees shall have equal rights upon land open to prospecting, except that where a licensee has found what he believes to be a vein or deposit of mineral or to be an indication thereof, he may plant or erect not more than 150 feet apart two pickets, at least four feet in height, to be known as prospecting pickets, each marked with the letters "P.P." and his name and license number and letter, and may dig a trench not less than six feet long and six inches deep from each of such pickets along the line running towards the other picket, or where that is impracticable may erect a monument of rock or earth not less than two feet wide at the base and at least two feet high, extending six feet from each picket towards the other picket, and may also blaze the standing trees, if any, along the line between the pickets, and after he has done so, so long as he is diligently and continuously prospecting or following up indications on the block of land extending twenty-five feet on each side of a straight line between the pickets he shall be entitled to the exclusive right to prospect and to make a discovery thereon.

Not to prevent
other licensee
from staking
out claim.

(2) Nothing in subsection 1 shall prevent any other licensee from prospecting anywhere outside the limits of such block of land, and the first licensee to discover valuable mineral in place and stake out a mining claim thereon shall, subject to the other provisions of this Act, be entitled to the claim, and if the claim includes such block of land the rights of such picketing licensee shall cease.

Licensee not to
have more
than one block
picketed.

(3) A licensee shall not have more than one block of land picketed at one time, and if he has at any time more than one all his picketings shall be void. 8 Edw. VII. c. 21, s. 56.

Forfeiture of
right to further
staking.

57.—(1) A licensee or other person who for any purpose does any staking out or plants, erects or places any stake, post, or marking upon any land open to prospecting except as authorized by this Act, or causes or procures the same to be done, or who stakes out or partially stakes out any such lands, or causes or procures the same to be done, and fails to record the staking out with the Recorder within the prescribed time, shall not thereafter be entitled to again stake out such lands or any part thereof, or to record a mining claim thereon, unless he notifies the Recorder in writing of such staking out, partial staking out, or planting, placing or marking and of his abandonment thereof and satisfies the Recorder by affidavit that he acted in good faith and for no improper purpose and pays to the Recorder a fee of \$20 and procures from him a certificate stating that the Recorder is satisfied that he so acted.

Entry of
forfeiture.

(2) The Recorder shall enter every such certificate in his books with the date of its issue.

58. Substantial compliance as nearly as circumstances will reasonably permit with the requirements of this Act as to the staking out of mining claims shall be sufficient. 8 Edw. VII. c. 21, s. 58. Substantial compliance with Act sufficient.

APPLICATIONS TO RECORD.

59.—(1) A licensee who has staked out a mining claim or upon whose behalf a mining claim has been staked out shall, within fifteen days thereafter or within the further time allowed by subsection 4, furnish to the Recorder an outline sketch or plan of the mining claim, showing the discovery post and corner posts and the witness posts, if any, and their distance from each other in feet, together with an application, Form 4, setting forth the name of the licensee by whom the valuable mineral in place was discovered and of the licensee on whose behalf the application is made and the letters and numbers of their licenses, the name, if any, of the claim, and in the case of unsurveyed territory its locality indicated by some general description and such other information as will enable the Recorder to lay down the claim on his office map, or in the case of a surveyed township, designating the lot, quarter section or subdivision of a section, and the portion thereof comprised in the claim, the length of the outlines, and, if for any reason they are not regular, the nature of such reason, the situation of the discovery post as indicated by the distance and direction from No. 1 post, the day and hour when the discovery of valuable mineral in place was made, when the claim was staked out and the date of the application, and with the application shall be paid the prescribed fee. Plan and application to be furnished to Recorder.

(2) If a licensee claims to be entitled to a free grant of a mining claim under section 108, he shall, in addition to the application to record the claim, make application, Form 5, for the free grant. Application for free grant.

(3) The application and sketch or plan shall be accompanied by an affidavit, Form 6, made by the discovering licensee showing a discovery of valuable mineral in place upon the claim, with particulars of the kind of ore or mineral discovered, and, if possible, the kind of rock enclosing it, the date of the discovery and of the staking out, that the distances given in the application and sketch or plan are as accurate as they could reasonably be ascertained, and that all the other statements and particulars set forth and shown in the application and sketch or plan are true and correct, that at the time of staking out there was nothing upon the lands to indicate that they were not open to be staked out as a mining claim, that the deponent verily believes they were so open and that the staking out is valid and should be recorded, and that there are upon the lands or the lot or part lot or section of which they form a part no buildings, clearing or improvements for farming or other purposes except as set forth in the affidavit; and an applicant for a free grant shall also file an affidavit, Form 7, showing his right thereto. Affidavit to accompany map, etc.

Additional
time allowed
in consider-
ation of

(4) Where the claim is situate more than ten miles in a straight line from the office of the Recorder for each additional ten miles or fraction thereof an additional day shall be allowed for recording. 8 Edw. VII. c. 21, s. 59.

Endorsement
of claims
recorded on
license.

60. A licensee by or on whose behalf an application is made to record a mining claim shall at the time of the application produce the license of the licensee by whom the staking out was done and of the licensee by or on whose behalf the application is made to the Recorder, and the Recorder shall endorse and sign upon the back of the last mentioned license a note in writing of the record of the claim, and no such record shall be complete or effective until such endorsement is made unless upon application to or in any case coming before the Commissioner he deems it just that compliance with the requirements of this section should be excused. 8 Edw. VII. c. 21, s. 60.

Licensee
recording in
another
division by
error.

61. If by error a licensee records a mining claim in a division other than that in which the claim is situate the error shall not affect his title to the claim, but he shall within fifteen days from the discovery of the error record the claim in the division in which it is situate, and the new record shall bear the date of the former record, and a note shall be made thereon of the error and of the date of rectification. 8 Edw. VII. c. 21, s. 61.

What to
be recorded.

Procedure
when refused.

(2) If an application is presented which the Recorder deems to be not in accordance with this Act, or which is for lands or mining rights which or any substantial portion of which are included in a subsisting recorded claim, he shall not record the application, but shall, if desired by the applicant, upon receiving the prescribed fee, receive and file the application, and any question involved may be adjudicated as provided in this Act; but such filing shall not be deemed a dispute of the recorded claim, nor shall it be noted or dealt with as such, unless a dispute verified by affidavit is filed with the Recorder by the applicant or by another licensee on his behalf as in the next following section provided. 8 Edw. VII. c. 21, s. 62; 2 Geo. V. c. 8, s. 6 (1, 2).

Adjudication.

(3) As soon as reasonably possible after the recording of the mining claim, and not later than the expiration of the time for performing the first instalment of work, the holder of the claim shall affix or cause to be affixed securely, to his No. 1 post, a metal tag plainly marked or impressed with the recorded number and letter or letters, if any, of the claim, and in default the claim may be cancelled by the Recorder or Commissioner on the application of any one misled by the lack of such tag. The Recorder on application shall supply such numbered tag free of charge. 2 Geo. V. c. 8, s. 6 (3).

Copy to be
sent to
recorded
holder.

(3) A dispute shall not be received unless it contains or has endorsed thereon an address for service at some place not more than five miles distant from the Recorder's office, and the provisions of subsections 4 and 5 of section 133 shall apply in respect to service upon the disputant. 8 Edw. VII. c. 21, s. 63 (1)-(3).

Address for
service of

68. The staking out or the filing of an application for, or the recording of a mining claim, or all or any of such acts, shall not confer upon a licensee any right, title, interest or claim in or to the mining claim, other than the right to proceed, as in this Act provided to obtain a certificate of record and a patent from the Crown; and prior to the issue of a certificate of record the licensee shall be merely a licensee of the Crown, and after the issue of the certificate and until he obtains a patent he shall be a tenant at will of the Crown in respect of the mining claim. 8 Edw. VII. c. 21, s. 68.

in unsurveyed
territory before

113.—(1) Before a patent of a mining claim in unsurveyed territory is issued the claim shall be surveyed by an Ontario Land Surveyor at the expense of the applicant who shall furnish to the Recorder with his application the surveyor's plan in duplicate, field notes and description showing a survey in conformity with this Act and to the satisfaction of the Minister.

Mode of survey

(2) In surveying a mining claim in unsurveyed territory the surveyor shall run the boundaries of the claim by running straight lines from No. 1 post at the northeast angle of the claim to No. 2 post at the southeast angle thereof, from No. 2 post to No. 3 post at the southwest angle thereof, and from No. 3 post to No. 4 post at the northwest angle thereof, and from No. 4 post to No. 1 post.

Marking
boundaries.

(3) The surveyor shall mark out the side lines on the ground by blazing the adjacent trees distinctly on three sides, one blaze on each side in the direction of the line and one on that side by which it passes. 8 Edw. VII. c. 21, s. 113 (1-3).

Surveyors'
posts on
claims.

(4) He shall plant at each angle of the claim an iron post with the recorded number and letter or letters, if any, of the claim permanently marked thereon, and at or near each iron post shall also plant a large wooden guide post marked with such number and letter or letters. 2 Geo. V. c. 8, s. 15.

Connection of
survey with
other points.

(5) He shall in his discretion connect such survey with some known point in a previous survey or with some other known point or boundary so that the claim may be laid down on the office maps in the Department. 8 Edw. VII. c. 21, s. 113 (5).

Duty of
surveyor.

(6) No such survey, except as herein provided, shall be made within a distance of fifteen miles in a straight line from the Recorder's office without the written consent or direction of the Recorder or of the Commissioner or the Minister or Deputy Minister, and it shall be the duty of the surveyor before proceeding with the survey to examine the application and sketch or plan of the claim or certified copies thereof and before completing or filing his survey to ascertain by careful examination of the ground and by all other reasonable means in his power whether or not any other subsisting claim conflicts with the claim he is surveying, and no survey shall be accepted unless accompanied by the certificate signed by the surveyor in the following form:

Form of
certificate.

I hereby certify that I have carefully examined the ground included in mining claim No., surveyed by me, and have otherwise made all reasonable investigations in my power to ascertain if there was any other subsisting claim conflicting therewith, and I certify that I have found no trace or indication and have no knowledge or information of any such claim except as follows: (*if none so state, if any give particulars*).

(7) A surveyor who surveys a claim without the written consent or direction mentioned in subsection 6 shall be guilty of an offence against this Act and shall incur a penalty not exceeding \$50.

Penalty for misconduct of surveyor.

Provided that where a claim is fifteen miles or more in a straight line from the Recorder's office, and the consent or direction mentioned in subsection 6 has not been refused, the surveyor may nevertheless survey the claim, but before signing the certificate mentioned in subsection 6 he shall in all other ways proceed as set out in that subsection, and shall, along with his survey, file with the Recorder a sworn statement setting forth the circumstances under which the survey was made without the consent or direction aforesaid.

Proviso.

114. Where upon an application for a patent of a mining claim in surveyed territory the Minister is of opinion that a survey is necessary he may direct that a survey thereof shall be made at the expense of the applicant, and such survey unless otherwise ordered shall comply with the same requirements as a survey of a mining claim in unsurveyed territory.

Minister may direct survey of claim in surveyed territory.

8 Edw. VII. c. 21, s. 114.

115. The surveyor immediately after the completion of every survey of a mining claim made by him shall deliver or forward by registered post to the Minister by his official title a certified copy of the plan and of his field notes and a description of the claim.

Surveyor to forward certified copy of plan to Minister.

116.—(1) If it is found upon a survey required or authorized by this Act that the area of a mining claim exceeds the prescribed acreage the Minister may direct the issue of a patent for a portion thereof not exceeding the prescribed acreage.

Reduction of area of claim found to exceed prescribed acreage.

(2) The reduction in unsurveyed territory shall, where practicable, be made as follows:—Keeping No. 1 post as the northeast corner and taking the straight line joining No. 1 and No. 2 posts, or if that line exceeds 20 chains in length the northerly 20 chains of it, as the eastern boundary; keeping the southern and western boundaries respectively parallel to or coinciding with the straight lines adjoining No. 2 and No. 3 and No. 4 posts, but shortening each of these boundaries to 20 chains where it exceeds that length, and in the case of a mining claim in a Special Mining Division shortening the southern boundary to 10 chains where it exceeds 10 chains; and in each case connecting the northwest corner so established with No. 1 post for the northern boundary.

Manner in which reduction to be made.

8 Edw. VII. c. 21, s. 116.

PART III.—PLACER MINING.

Placer mining
claims.

117. A licensee, who makes a discovery of a natural stratum, bed or deposit of sand, earth, clay, gravel or cement carrying gold, or platinum, or precious stones, which is probably of such size and character as to be likely to be workable at a profit may stake out and record a mining claim to be called a "Placer Mining Claim," thereon, and the provisions of this Act, as to the staking out and recording of a mining claim upon the discovery of valuable mineral in place thereon, shall as far as practicable apply to the staking out of a placer mining claim as if the words "a natural stratum bed or deposit of sand, earth, clay, gravel or cement, carrying gold or platinum, or precious stones, which is probably of such a size and character as to be likely to be workable at a profit," were used instead of "valuable mineral in place," and the other provisions of this Act as to mining claims shall also, as far as practicable, apply to a "Placer Mining Claim," and "mining claim" wherever used in this Act shall, unless repugnant to the context, be read as including placer mining claim. 8 Edw. etc.

118.—(1) Where not situated within a Complete Inspection Area or within a Special Mining Division Crown lands containing any natural bed, stratum or deposit of limestone, marble, clay, marl, peat, building stone, sand or gravel, may be staked out and recorded as a mining claim, to be called a "Quarry Claim," upon proof being furnished to the satisfaction of the Recorder that such bed, stratum, or deposit is of a size and character to be workable for any one or more of such substances, but all valuable minerals shall be reserved therefrom.

What land

(2) No such staking out shall be done on any land located, sold or patented under *The Public Lands Act*, and such substances, unless expressly reserved, shall be deemed to have been conveyed by any patent heretofore or hereafter issued under any of the said Acts; provided that this section shall not affect any rights heretofore acquired in any such substances or the land containing the same.

Effect of
quarry
claim.

(3) A quarry claim shall not interfere with the right of a licensee to stake out a mining claim on the land embraced in the quarry claim, and as against such licensee the holder of a quarry claim shall have the same and no greater rights than if he were the owner of the surface rights and the quarry claim was a claim in respect of mineral rights.

Rights and
duties of
holder.

(4) Except as provided in subsection 3, the rights and duties of the holder of a quarry claim shall be the same as those of the holder of a mining claim, and all the provisions

of this Act as to mining claims shall, except where inappropriate, apply to quarry claims. 8 Edw. VII. c. 21, s. 118.

- (d) Providing to the satisfaction of the Minister that he has paid or secured to the owner of the surface rights, if any, the compensation agreed upon or determined as provided in section 104 for any injury or damage which is or may be caused to the surface rights, or, in default of agreement, that he has paid or secured such compensation, as determined in the manner provided by section 104. Renewal of
permit.

(6) Upon proof being furnished to the Minister that such expenditure has been made and that all other terms and conditions of the permit have been complied with, the Minister, at the expiration of the boring permit, may grant one renewal of the same for one year upon payment of a fee of \$100, and the renewal shall be subject to the like conditions as to expenditure and otherwise as the original permit.

Transfer of
permit.

(7) The holder of a boring permit may, with the consent of the Minister, endorsed thereon, transfer, Form 31, all his rights in the permit or the land included therein, and upon the consent being given the licensee to whom the permit is transferred shall thereupon be entitled to the unexpired term of the permit, with any right of renewal thereof. 8 Edw. VII. c. 21, s. 119.

Provided that relief from forfeiture for failure to pay rent when due may be had by the payment of all arrears within ninety days after the same became payable. Proviso.

(3) The right conferred by any such lease upon the lessee shall be to enter upon the land described, and to dig, bore, sink, drive or otherwise search for and obtain, raise and remove petroleum, natural gas, coal and salt, or any one or more of such substances. All other valuable minerals shall be reserved to the Crown, and any holder of a Miner's License may at all times go upon the said land and prospect the same and stake out a mining claim thereon, but subject to compensating the lessee for any injury or damage to his interest in the land at the time and in the manner provided in section 104, and may obtain a patent therefor, but such patent shall reserve the petroleum, natural gas, coal and salt, in, on, or under such land. "Medium pressure system."

Where the conditions of the system are such that the pressure between any two conductors, or between any conductor and the earth, at the terminals where the electrical energy is being used normally exceeds 250 volts, but does not normally exceed 600 volts, this shall be deemed a medium pressure system.

"High pressure system."

Where the conditions of the system are such that the pressure between any two conductors, or between any conductor and the earth, at the terminals where the electrical energy is being used normally, exceeds 600 volts, this shall be deemed a high pressure system.

Construction of Apparatus.

Requirements
as to electrical
apparatus
and conductors

sure wires.

76. Low pressure wires for lighting or signal circuits shall either be conveyed in metallic conduits or casings, or suspended from or securely tied to porcelain or glass insulators, so that they do not touch any timbering or metal. On no account shall staples be used. If metallic conduits are used they must be grounded, and if not electrically continuous every section must be grounded. If separate uncased wires are used they shall be kept at least three inches apart and not brought together except at lamps or fittings.

plainly visible shall be provided at all points where men are liable to come in contact with power wires.

82. Every branch trolley shall be fitted with an automatic trolley switch or section insulator and line switch, or some other device that will allow the pressure to be cut off from such trolley when not actually in use. Danger signals, consisting of no fewer than two red lights in parallel, and as many in series as may be necessary, shall be connected at suitable intervals to all branch trolley circuits to indicate when the current is on. A notice shall be posted at the entrance to all roadways carrying exposed power wires, warning persons against the dangers of carelessly carrying metal tools such as drills, picks, etc., which may come in contact with the wires.
